

## **Clinical Trial Testing** <sup>[1]</sup>

Navigate BioPharma provides a broad portfolio of advanced laboratory capabilities utilizing state of the art, diverse technologies that can address clinical biomarker and precision medicine testing needs for every phase of clinical trials (first-in-human to global pivotal trials). Our integrated solutions address various sponsor needs such as biomarker identification, pharmacodynamics, efficacy readouts, patient inclusion, diagnosis and prognosis. Our comprehensive services team support end-to-end clinical trial testing from sample logistics to project and data management for global clinical trials.

We provide value to our clients through three specific areas of specialization: custom assay development, clinical trial testing and companion diagnostic support. We ensure a high level of support via customized clinical trial services that meet the unique requirements of each clinical trial.
